Expert Lecture On "Bridge the Gap From Training To Placement"

Guest Of honour: Mr. Swarupkumar S. Suradkar, Director Swadip Technologies, Buldhana

Event Date: 09 April 2025

Time: 11:30am

Event organizer: Prof. H.S. Deshpande, Asst. Professor, CSE Department

Faculty Coordinator: Prof H.S.Deshpande, Asst. Professor, CSE Department

Beneficiary: 20 second year, 30 third year and 30 Final year students Of Computer Science & Engineering Department.

About the Expert Lecture:

The Department of Computer Science and Engineering, Rajarshi Shahu College of Engineering, Buldhana in association with Swadip Technologies, organized a Guest lecture on "Bridge the Gap from Training to Placement". The event was conducted on 09.04.2025, at Seminar Hall.

An expert lecture focusing on bridging the gap between engineering training and placement should highlight the challenges students face in transitioning from academia to industry, the importance of soft skills and industry-specific knowledge, and strategies for improving placement success. It should also emphasize the role of training programs, industry interactions, and career counseling in preparing students for the job market.

Felicitations of Guest

He covers the different topics like –

1. Introduction:

- The lecture should begin by acknowledging the common gap between theoretical knowledge gained in engineering programs and the practical skills required by industries.
- It should emphasize the importance of this gap being addressed to ensure that engineering graduates are well-prepared for their careers.
- Highlight the impact of this gap on placement rates, job satisfaction, and the overall effectiveness of engineering education.

2. Challenges and Issues:

- Lack of Practical Experience
- Soft Skills Deficiency
- Industry-Specific Knowledge
- Career Planning and Counseling

3. Strategies for Bridging the Gap:

- Enhancing Training Programs
- Fostering Industry-Academia Collaboration
- Developing Soft Skills
- Providing Career Counseling
- Emphasizing Lifelong Learning

4. Case Studies and Examples:

- Successful Placement Initiatives
- Industry Partnerships
- Student Success Stories

5. Conclusion: Moving Forward

- Reiterate the importance of bridging the gap between engineering training and placement to ensure that engineering graduates are well-prepared for the demands of the industry.
- Emphasize the need for continuous improvement and adaptation of training programs, industry interactions, and career counselling services.
- Call for a collaborative effort between academia, industry, and students to create a supportive environment for career success.
